The GRANDS PRIX DU DESIGN Awards
Launches a First-Ever Worldwide Call-for-Entries for Its 14th Edition!

Montréal, September 25, 2020 – The prestigious and respected GRANDS PRIX DU DESIGN Awards announces the official opening of its call-for-entries, open for the first time ever to candidates worldwide!

A STORY THAT KEEPS GROWING
From Québec to the International!
Created in 2007 in Montréal, with the mission of recognizing the excellence of Québec designers and architects having distinguished themselves through an exemplary practice, the competition was originally open exclusively to firms and professionals operating a place of business in Québec. For its 14th edition, the GRANDS PRIX DU DESIGN Awards opens its call-for-entries to candidates worldwide.

STARTING IN 2020!
In addition to becoming a worldwide competition in which all categories are open for submissions from Québec, Canada and the world, the GRANDS PRIX DU DESIGN adds new disciplines.

The disciplines of the 14th edition:
- Architecture
- Interior Design
- Construction and Real Estate Development
- Industrial Design and Product Design
- Brand Design
- Urban Design, Landscape Architecture and Landscaping

Design and architecture professionals and students, as well as to real estate developers, contractors, manufacturers, and clients who have called upon these professionals are inviting to present their projects and products to an International Jury.
Some 70 leading professionals, prominent academics and influential press members, recruited on an international scale, will use their knowledge and experiences to evaluate the excellence of submitted projects and products.

A GREAT OPPORTUNITY
An award granted by the prestigious GRANDS PRIX DU DESIGN Awards is a stamp of excellence and an international reference. The impressive list of laureates awarded in the first 13 editions of the contest is comprised of young up-and-coming studios as well as leading firms, responsible for emblematic projects and products recognized worldwide. Regardless of your status, professional or student, your career stage or the size of your team, the contest leads to international recognition and promotion opportunities for its candidates, finalists and winners.

Contest participants will enhance their brand recognition and reach new press coverage and market opportunities. An international visibility will be given to all participants on the INT.design portal, an online content platform aimed at promoting excellence in design, architecture and built environment.

Being granted a GRANDS PRIX DU DESIGN Award reinforces brand recognition, attracts the best talents and gives clients and prospects a confidence boost sometimes helpful in deciding to invest in a professional or firm’s services.

ABOUT
GRANDS PRIX DU DESIGN
Created in Montreal, UNESCO city of design, in 2007 and organized by PID Agency, the GRANDS PRIX DU DESIGN Awards celebrates the work of creators who enhance the quality of our lives and of the built environment, as well as the public and private clients who entrusted them with their needs. Fostering the notion of appreciation and promotion of a quality design, the contest ensures professional recognition and international visibility to its participants. After 13 editions reserved to professionals with a place of business in Québec, the contest opens entirely to the world as of 2020 and adds new disciplines complementary to design, architecture and landscape. All categories are now open to candidates from Québec, Canada and the world.

PID Agency
A design and architecture industry media firm established for over 30 years, PID Agency is known for its local, national and international expertise. Its main platforms are praised for their creativity and for the way in which they serve their purpose: promoting excellence in design and architecture.
