

I remember it as if I were yesterday...
Zurich. World-famous city of financial
exchanges. The little Alessandro in me
was impressed ... to the core!

Flash-forward to 1994, working
in rural development and falling
head over heels in love with the

Development philosophy and inte-
gral development of the social and
economic sectors in the weaker
rural areas of the European Union.

My current pride and joy: A trans-
national project with Germany,
Moldova and Italy, aimed at cultural
integration between younger gen-
erations of European citizens.

I honestly think history will be

of well-being.

Where the sea meets the land,
where the ocean bathes the white
sand, and where weather never
reaches neither below 23, nor
above 28 degrees ... that's where
you'll find me!

Italia... la mia casa, la mia storia...
A culture rooted in over 2000
years of history. Home to Dante,
Giotto, Leonardo, Michelangelo...
Positively defining my sensitivity to
harmony, beauty and philosophy.
No doubt.
